Dear Sir,

I, as Director of Recreation for the City of Petersburg, am anxious to bring to our City, professional Base-ball teams.

If and when your team should be in this section of the country, perhaps returning from spring training in the south or later in the season, I am interested in having your group to give an Exhibition here against our local outfit.

We have a new park and with the Camp here, our population has been boosted by some 7000 Negroes.

Please contact me at your convenience, if you think such an arrangement can be made.

Hoping for you a most successful season, I am,

Yours truly,

C. B. Taylor
